## RULES AND POLICIES GOVERNING USE OF AUTOMOTIVE TRANSPORTATION

A breach of the following Automotive Golf Rules may subject a player to a penalty under the applicable Rule in the USGA Rules of Golf:

"*Equipment*" is anything used, worn or carried by the player or anything carried for the player by his/her partner or either of their caddies, except any ball he/she has played at the hole being played and any small object, such as a coin or a tee, when used to mark the position of a ball or the extent of an area in which a ball is to be dropped. *Equipment* includes a golf car, whether or not motorized.

**Note 1:** A ball played at the hole being played is equipment when it has been lifted and not put back into play.

**Note 2:** When a golf car is shared by two or more players, the golf car and everything in it are deemed to be the equipment of one of the players sharing the golf car.

If the golf car is being moved by one of the players (or the partner of one of the players) sharing it, the golf car and everything in it are deemed to be that player's equipment. Otherwise, the golf car and everything in it are deemed to be the equipment of the player sharing the golf car whose ball (or whose partner's ball) is involved.

The PGA PAT Examiner is authorized to impose penalties consisting of a fine of \$100 for the first offense, a fine of \$150 for the second offense, and suspension from the tournament play for the third offense for any of the following violations:

A player's clubs must be transported on a golf car. Only players may ride in a golf car at any one time and never both at the same time.

Only two golf cars will be allowed per group.

Golf cars should not be taken from the golf car staging area until both players have arrived and are ready to play.

Spectator golf cars are not allowed. Only official golf cars authorized by the PAT Examiner will be allowed on the course.

Golf cars must not be driven up to the sides of greens and/or tees. Golf cars should be driven on the cart paths as much as possible and across the fairway at a 90 angle. **When so restricted, golf cars must remain on paths at all times.**

It is imperative that all players return their golf cars to the golf car staging area immediately upon completion of their round. Do not leave them at the various courses or their respective practice areas or parking lot.
